* The fee for the program is payable in advance and, except as provided below, is nonrefundable even if the client cannot or does not participate in all of the training sessions in the program. As an exception, if as a result of a physical injury or adverse health condition, the client is unable to complete the program, then a portion of the fee will be refunded on the following basis: (1) 30% of the fee will be non-refundable and will compensate Vie for administrative and related expenses and (2) the remaining 70% of the fee will be proportionately refunded, based upon the number of training sessions in the program in which the client could not participate because of the injury or adverse health conditions. The client must make a written request of the refund, specifying in that request the injury or health condition preventing her/his participation in the program. Each refund will be paid within thirty days after Vie received that written request.
